Tell-A-Friend On Steroids If youre finished with all those over-hyped list building techniques and want to grow your subscribers three-times faster and easier than with any other method, try this At Last A New Viral Marketing Breakthrough That Sends 300 More Visitors Rushing to Your Web Site and Builds Your List Automatically! From the desk of: Mike Filsaime Dear Viral Marketer, hat if you could push a magic button and suddenly have a massive landslide of targeted visitors rushing to your web site and whipping out their credit cards to buy your product or service on the spot? In a perfect world, maybe but unfortunately this magic solution doesnt exist. Yet, thats exactly what the majority of people are still looking for that one-button-does-all solution to end their web site woes forever and make them rich, famous and even better looking. How many times have you seen promises like this: *Get Rich in 30 Days without Even Trying! *Slam Your Web Site with 50,000 Visitors in Only 10 Days! *Give Me 6 Weeks And Ill Make You A Multi-Millionaire! Most copywriters are actually taught to sell the magic pill that instantly and effortlessly cures all the prospects problems and provides a one-size-fits-all solution to reach their dreams. However, arent you getting just a bit tired of guaranteed results that deliver almost nothing in the end? Which of These List Building Methods Are Wasting Most of Your Time and Money? Classified Advertising - Once a golden ticket for bringing in tons of fresh, new subscribers and sales, promoting your products in online classifieds isnt near as profitable because the level of ads competing for your prospects attention is suffocating and leaves them un-reached. Ezine Advertising - Blasting your ad across thousands of online publications used to draw in new subscribers by the boatload, but now most readers simply ignore the ads while scanning the issues for content. Pay Per Click - For those with deep pockets, paying for every visitor to your web site may seem like a good idea. But this method can take many hours of hard testing and thousands of dollars just to break even.
