Internet Marketing Video Series Number 9: 7 Fast Ways To Get Great Links To Your Website Videos Created by Louis Allport

Here's what you'll discover as soon as you get these seven in depth videos:

Video One -- 18 Minutes Long - In this first video you'll discover a little known way to almost instantly get more links back to your website. I've quietly been using this linking tactic and have found it a very effective way to get a brand new site into the search engines for free ... if you know what you're doing. I wasn't sure whether I should share this tactic (for a number of reasons), but as soon as you get this video I'm sure you'll be glad I did.

Video Two -- 18 Minutes Long - In this video you'll discover an amazing way to set up good links to your own websites for free. And even better - search engines love this tactic! This may surprise you, but it's a tactic experienced search engine marketers have been quietly using to quickly give their site a real boost.

Video Three -- 21 Minutes Long - Want hundreds of high quality links back to your website in just a month or two? Well - in this video I'll show you how to easily do that. Really savvy marketers online have been using this tactic to profit big. I'm really surprised more people don't use this to be honest.

Video Four -- 23 Minutes Long - Now ... the linking tactic in this video might surprise you. I use it and it works well. Surprisingly well. And even if you're already aware of this tactic, I'll show you how to apply it once (it takes just an hour or two) and do it the right way so that your one time effort is multiplied almost exponentially, leading to a mass of new websites linking to you for months (even years) to come.

Video Five -- 14 Minutes Long - Want to give your search engine ranking a real shot in the arm? Then you need links from PR6, 7, 8 ... even PR9 pages. And however out of reach that may seem, you might be surprised at how easy it is to get them. I'll reveal how in this video.

Video Six -- 23 Minutes Long - The best high quality links on the web are the ones you control. And in this video you'll discover a proven tactic for getting very high quality links into your websites, for as long as you want, in a way the search engines love. And even better -- I'll show you how to be up and running with this tactic in less than a day!

Video Seven -- 11 Minutes Long - Long term

linking strategies are what will keep you at the top of the search engines for years to come. In this video you'll discover the right way to help keep your site high in the search engines. Many people abuse this incredibly powerful tactic and find their sites penalized ... if not banned from the search engines entirely. I'll show you two very successful sites that use this tactic the right way - and how you can too.

Video Two (9 Minutes) Here I'll talk you through how you can get great ideas for your own toolbars from Google and eBay. Video Three (10 Minutes) - In this video I'll talk you through how the Ask, Dogpile and Alexa toolbars can give you a huge amount of ideas. Video Four (6 Minutes) - Here I'll show you how you (and your users) will be able to quickly, easily and effortlessly install and uninstall your toolbar. Video Five (7 Minutes) - In this video you'll discover how it takes just one minute to instantly update your toolbar on every single computer its installed on! Video Six (2 Minutes) - Here I'll show you how to create a blank text file to get your toolbar creation process rolling ... Video Seven (8 Minutes) - In this video I'll talk you through the easy way to structure your toolbar code. Even if you're not technical at all, you'll find it quick and easy. Video Eight (16 Minutes) - Here I'll show you how to start adding your own unique text to a toolbar. You can also add graphics if you like. Video Nine (17 Minutes) - In this video I'll show you how to add buttons to your toolbar which can contain both graphics and text. You'll also discover how to create a button that when clicked redirects the user to a web address of your choosing. Video Ten (5 Minutes) - Here I'll show you how to add uninstall functionality to

your toolbar. Even though you want your users to keep your toolbar installed for good, its important you give them the choice. Video Eleven (6 Minutes) - In this video Ill talk you through how to add the powerful Zoom In and Zoom Out features to your toolbar. Video Twelve (18 Minutes) - Here Ill show you how to add search functionality to your toolbar. You can set your toolbar up with as many search engines as you like to give your users tons of choice. You can even profit from this feature by sending your users to pay-per-click search engines where you get a percentage of each click. This is an advanced, powerful and profitable feature. Ill show you how to add this step by step. Video Thirteen (5 Minutes) - In this video Ill show you how to add a drop-list menu to your toolbar if you would like. This way, rather than your users typing in what theyre searching for, they simply choose it from a list. Video Fourteen (10 Minutes) - Here Ill show you how to add highlight text functionality to your toolbar. This is a very useful feature that allows your users to easily find (highlight) any text on the page that they want to. Video Fifteen (6 Minutes) - In this video Ill show you how to add Clear Search History functionality to your toolbar. With this feature, your users can clear the previous searches that theyve done through the toolbar. Video Sixteen (9 Minutes) - Here Ill show you how to add the Clear Cookies functionality to your toolbar. Depending what kind of toolbar youre looking to create, you might find this a useful and powerful feature to add to your toolbar. Video Seventeen (6 Minutes) - In this video Ill show you how to add the Clear Internet Explorer - Temporary Files feature to your toolbar. You can use whatever text you like with this feature Video Eighteen (16 Minutes) - Here Ill talk you step-by-step how to add a powerful and flexible popup blocker to your toolbar. It can be turned on and off by the user, and it can even update automatically so that it shows how many popups have been blocked so far. Video Nineteen (2 Minutes) - In this short video Ill show you how to add separators to your toolbar. Heres an example of a separator added between two buttons: Video Twenty (5 Minutes) - Here Ill talk you through the important difference between Single and Split style menus for your toolbar. These two types of menus have different purposes, and you can choose at any time which is best for what you want from the toolbar. Video Twenty-One (7 Minutes) - In this video Ill show you how to choose between a Split and Single style menu when youre creating your toolbar code. Its dead easy. Video Twenty-Two (8 Minutes) - Here Ill show you how to add as many unique menu items as you like to your menus. Video Twenty-Three (7 Minutes) - In this video Ill show you how to add as many extra menus and even sub-menus to your toolbar as you want. Sub-menus allow you to fit even more features and functionality onto your toolbar. Video Twenty-Four (7 Minutes) - Here Ill talk you

through in more detail the structure of these toolbar menus and how to quickly set up as many as you would like. Video Twenty-Five (6 Minutes) - In this video I'll show you how you can use menus to run commands like highlighting text, uninstalling the toolbar ... this will make your menus and toolbar even more powerful and flexible. Internet Marketing Video Series Number 16: Instant Software Products Videos Created by Louis Allport These eight videos come to a total playing time of 92 minutes. Here's a quick run down of exactly what you get: Video One (12 Minutes) - In this video I'll show you exactly the software I had created with just a \$125 investment which has since been sold thousands of times! Video Two (10 Minutes) - Here I'll talk you through my private software creation process which I've never revealed before. Video Three (5 Minutes) - In this video I'll reveal the quick and easy tactic I use for coming up with great software ideas. Video Four (10 Minutes) - Here I'll talk you through what you need to know to choose the right programmer for your project, and how to make sure they get the project done on time, on budget, and to the highest quality. Video Five (10 Minutes) - In this video I'll talk you through an often overlooked, but absolutely vital step in the software creation process. Video Six (16 Minutes) - Here I'll show you exactly how I take the code the programmer creates and turn it into software I can successfully sell. Video Seven (13 Minutes) - In this video I'll show you an easy way to add passwords to your software and offer your customers advanced features for an extra fee. Video Eight (16 Minutes) - Here I talk you through an exact and detailed step by step demonstration of taking software code and turning it into something you can successfully sell ... you'll see exactly how I do this for my own software and how easy the process is if you know how. Internet Marketing Video Series Number 17: How To Secretly Spy On Your Internet Competition Videos Created by Louis Allport These eighteen videos come to a total playing time of almost two hours: one-hundred and fourteen (114) minutes in total. Video Two (5 Minutes) - Here I'll show you how to quickly and easily find how a website has changed over time. Video Three (6 Minutes) - In this video I'll show you how to find exactly how many (and what kind of) pages make up a site. What you discover here is often very surprising. Video Four (9 Minutes) - Here I'll show you how to find exactly who's linking to a website, and how to automatically track this information over time. Video Five (5 Minutes) - In this video you'll discover how to find the Page Rank of any page - without - using the Google toolbar. Video Six (11 Minutes) - Here I'll show you one of the most surprising and powerful pieces of information

you'll ever come across - exactly how much traffic a website is getting, where that traffic is coming from, how long each visitor is staying on the site ... and much more. The depth of this publicly available information (if you know where to look) will really surprise you. Video Seven (3 Minutes) - In this video I'll show you how to find all the PDF documents on any website you choose. Video Eight (7 Minutes) - Here I'll show you a little known way to find out exactly which web host a competitor is using. Video Nine (5 Minutes) - In this video I'll show you how to use Alexa to find how much traffic a website is getting - and - very importantly, what you must keep in mind whenever you look at any Alexa statistics. Video Ten (10 Minutes) - Here I'll show you a publicly available database that can tell you exactly which kind of products are making the most money right now. Video Eleven (5 Minutes) - In this video I'll show you how to find exactly what products your competition are selling on the popular Froogle search engine. Video Twelve (7 Minutes) - Here I'll show you how websites can hide offers and information from you, and how to easily get around this so you can discover exactly what they're up to. Video Thirteen (5 Minutes) - In this video I'll show you a little known way to find out how popular a blog or newsletter is. Video Fourteen (5 Minutes) - Here I'll show you an easy way to list all the title text on a competitor's website.
