With Scrubber Software, you can remove Temporary Internet Files, Browser histories, and other personal information that you wouldn't want anyone to see or know!! You may think that using commands such as, Delete, Empty Recycle Bin, and Clear History, will remove all unwanted data from you system, but DON'T BE FOOLED! These commands do not fully protect you or your files. If anyone ever searched your hard drive, they could still be capable of viewing tons of files and possibly incriminating data, that would be both violating your privacy, as well as, embarrassing to your reputation. Scrubber can securely erase the following..... Internet Explorer and Netscape Histories Internet Cookies Internet Temp Files Browser Favorites Email Message Histories Windows Temp Files Windows Run History Windows Recent Docs History Windows Recycling Bin Windows Clipboard My Documents Folder My Pictures Folder My Videos Folder Many App histories (like Kazaa) Any directory specified! Any file specified! Has a keyboard shortcut so you can minimize all open windows instantly ! Good if you are looking at something you shouldn't be. Minimize on Startup and load into the systray. INSTANT DELIVERY TO YOUR E-MAIL ACCOUNT!!!!!! IMPORTANT If you use a spam filter (especially AOL and Hotmail) check your trash folder as sometimes emails are treated as spam so check your spam folder after paying.
