Imagine Thousands Of Links Back To Your Web Site From Other Peoples Blogs Starting Today! Getting link popularity is really hard and time-consuming. But what if you could automate it? Special Note: I am about to show you a way that you can generate thousands of keyword targeted links back to your web site starting today! Consider the power of being able to create incoming links to your site any time you want them... As many links as you want! Think that could give you some search engine popularity, and traffic??? Dear Friend, How much is your time worth?? And how much of it do you spend on trying to get other sites to link to your site or searching out relevant blogs and posting comments just so you can get a link back to your site one at a time? What if you could automate all that? Imagine a tool that would: \* Take in keywords you enter OR pull keywords from Google Sandbox or Overture. \* Use those keywords to find relevant blogs on blogger.com. \* Automatically post your comments to those blogs, including that all-important link back to your site. \* Skyrocket your link popularity!
