Heres How To Create Unlimited Personalized Toolbars For FREE That Automatically Promote Your Websites & Affiliate Links For You 24-7! AND - If You Order Today You Also Get Full Resale Rights To This Product And Website So You Can Sell It Yourself And Keep Every Single Dollar In PROFIT You Make! Hi, Im Louis Allport, Let me ask you ... Would you like to be able to reach thousands of people online instantly with your message? Would you like access to one of the most powerful (and little used) ways to promote any affiliate program online ... for free? Would you like a link to your website to be in front of your past visitors whenever theyre surfing the net so that they return to your site again and again? What Im talking about is getting your own personalized toolbar. Lets take the example of Google... The Google Toolbar is on millions of computers worldwide (including mine). Here are just three ways they benefit: Now, you may not be able to get millions of people worldwide to download your toolbar, but if you get your own toolbar on dozens, hundreds, even thousands of computers of people who visit your website, you benefit GREATLY. Google clearly know what theyre doing when it comes to marketing online. If they have their own toolbar, why dont you - especially when you can get one for free? Heres the scoop... The way Im going to show you to create toolbars is very different from other ways you may have seen - for two very important reasons: Reason 1 = You will NOT have to buy any expensive software at all. (Ive seen toolbar creation software selling for over \$1,000!) Ill show you how to get your own personalized and professional toolbar made for FREE. Reason 2 = Unlike toolbar software that creates static toolbars which cant be updated - Ill show you how you can create toolbars that you can update as many times as you want, and every time you do an update (it takes just a minute) the toolbar will update on the computer of EVERYONE whos installed it! Can you see how powerful this is? You can instantly reach every one whos installed your toolbar with a brand new message whenever you want! How To Create Unlimited Money-Making Toolbars For FREE Interested in making as many professional quality, instantly updateable, money-making toolbars for free as you want? Well - this information is not common knowledge. It took me many weeks of research to fully get to grips with this subject. However, Im going to make it very easy for you ... Ive taken those weeks of research and turned them into twenty-five in depth

yet very easy to follow coaching videos you can view directly on your computer. Ive bundled these twenty-five videos (they come to 207 minutes in total) into a single coaching product for you: Heres a rundown of what each in depth video shows you and how you can quickly start benefiting with your own unique toolbars. Pay particular attention to the examples Ive included - you can have any text you want for your toolbars, these examples are just to give you a good idea of what you can quickly and easily create by following the videos in this product:
