

Unleashing Your Creative Genius

[DOWNLOAD HERE](#)

Unleashing Your Creative Genius How to Use Your Mind Creatively to Solve Problems and Improve Your Life Coming up with solutions to problems that have stumped others is possible when you tap into your creative side. Having an original idea or giving an old one a new twist can lead you to fame and fortune. You can be like a Thomas Edison or an Albert Einstein when you learn how they used their imaginations to develop inventions or theories that have changed the world. Becoming more creative is possible with the life changing information you'll find inside Unleashing Your Creative Genius. In this book you'll discover: * How to conquer procrastination, fear, anxiety, lack of self-confidence, and perfectionism * The first step to solving any problem * How to achieve a Zen-like state of creativity * How to develop a higher IQ * The biggest difference in our brains and those of so-called geniuses * Vital tools and skills to enhance your creativity * How meditation and hypnosis can help unleash your creativity * Why it's okay to sit and do nothing once in a while * An excellent way to teach your mind to focus and concentrate on your own creativity * What Benjamin Franklin did to stimulate his thinking * How to come up with creative ways to solve your problems * What Albert Einstein would do when he has a problem After reading this book, you will be able to understand what creativity really is, how it can help you live a more fulfilling life, and what you can do right now to wake up that sleeping creative giant within you.
