How Would You Like To Own A Store With Over 25,000 Product Downloads....ALL Of Which Were Not Created By You? Sign up to Clickbank for free and this script will fill up your website with over 25,000 products using your affiliate link on every product!! Its simple and can make you rich! Here's some of the wonderful things that this absolutely new tool can do for you! Easy CB Store is a ClickBank Directory PHP script that: * Instantly creates a directory of every single product sold on ClickBank.com's marketplace. * It takes the latest ClickBank XML file (so that your directory stays fresh with the latest products) and imports it into it's database. * Allows you to have fast categorization and searching * Embeds your ClickBank affiliate ID to each and every one of the links to the products! * SEO friendly as it uses mod_redirect and appears as if it's completely static! * Allows you to compliment your existing sites, as you will be able to define which categories or products that you would like to show indexed! * Even allows you to pick the top paying, high profits products as your sponsors! * Template driven with {tags} so that you can decide how your directory looks like! (NOPE! No PHP skills required) * Every link in your directory is a commision earning link! * Instantly clone the entire ClickBank marketplace (more than 25000 links all embedded with your affiliate ID) * Does not require MySQL
