How To Run Your Own Server Without Being A Propellor-Head Server Admin for the Technically Challenged. Dear Friend, Do you have your own web site or server and are totally frustrated in driving the thing? cPanel Magic Will Show You The Easy Way Drive your server! In this incredible new series of videos you are going to see exactly what you need to do to drive your server and not let it drive you!. Concentrate for a change on your sales and marketing and NOT on the technical side. It. Whats Inside This Video Series Well just check out the menu on the main page These Training Videos will Fast Forward anyone who has never used cPanel before all the way up to people such as myself who use it every day. Thanks Leonard, Your videos have taught me things I did not know about cpanel that will make my job easier as a web designer and Internet marketer. I have used cpanel for over 4 years and I cannot believe how you have covered the basic use and feel of cpanel to the extent you have. Sometimes using something on a daily basis is as bad as being a newbie as new versions arise and you do not keep up with updates. I cannot believe their were so many options I can use to help me track my visitors and so many different items I can install into my website automatically to help me become more productive. I feel these training videos will fast forward anyone who has never used cpanel before all the way up to the people such as myself who use it on a daily basis. Richard Tidwell Its Time For You To Take Action ! Buy cPanel Magic Today and start driving your server tomorrow ! Since I know its 100 percent to your benefit to act right away, I want to sweeten the pot and give you every possible reason to say YES today !
