Increase Your Opt In Rates By A Towering 319 With Popups That Are Astoundingly Attention Grabbing And Scream Out "You Can't Block This!" You've heard this all before... Popups are dead. Popups reduce conversion rates. Popups piss people off. Want to know what I Say? Bunk! - Michael Ambrosio We've all heard this before about popups. In fact, odds are that even YOU would tell me that you HATE popups! Am I right? Thought so... But let me ask you a question... why is it, that if everyone hates popups, and if they LOWER conversion rates, and if they are... dead... then WHY do so many people still USE them? Simple answer is because they still work. They need to be done right, have the right message, grab the attention of the prospects to be REALLY effective, but they are still a very effective tool. But what about all of those popup blockers out there? How are you supposed to "get their attention" when popups get blocked left and right? Let me help you with that. Introducing... "You Cant Block This" is the latest and greatest popup builder to hit the scene. But these are not your ordinary popups. These are totally attention grabbing, will not be ignored, opt in sucking popups like you've never seen. You want to see it in action? Let's take a look at what "You Cant Block This" can do... * Adds any required codes to your pages automatically... NO cut and paste required! * Quickly and easily add multiple popup pages to your site. * Multiple popups rotate randomly - great for testing different lead capture pages! * Choose any background color, border color and text color you wish. * Set a delay for the popup to appear. * Set the popup to automatically close - 10 seconds, 10 minutes, it doesn't matter! * No matter how far down a visitor scrolls on your site the popup appears right in front of them! * Yes, you can incorporate audio, video, etc. on the popup pages. * Set your popup to load an already existing web page within seconds. * Control the frequency your visitor will see your popups - every visit, once per day, once ever and anywhere in between! * Virtually UNBLOCKABLE by any popup blocker out there (we have not tried them all...but we did try quite a few... so far, none stopped it) * And MUCH More! Use your imagination and I know you'll find even MORE ways to use this powerful software. The possibilities are

enormous. Add to that the ease of use and you have a winner. In fact, "You Cant Block This" is so easy to use that it doesn't even require installation! Simply click on the file and it opens up, ready to use! Take a look at the short video below to see just how simple this is to add popups to your website: So now comes that question I know you've been wondering (that is, unless you already scrolled down to see...): How Much! Well, I gave this a LOT of thought and decided that I could NOT justify selling such a powerful piece of software for LESS than \$47.00. I mean, let's face it - software like this can help you increase your opt in rate - and potential earnings - immeasurably. So I felt that this price is MORE than fair. But, well, after some conversations with a few of my trusted advisors, I decided to make this affordable to as many people as possible. This way everyone has the opportunity to put such attention grabbing, money-making potential on their websites too. So, I decided to let this go for the EXTREMELY low investment of: Only \$6.95! "What!?! Are you serious?" You bet your a..! But I think you would do well to jump on this right now, because my "business sense" is nagging me to follow my initial gut price. If you are running WindowsXP or later, odds are it's already installed. Otherwise, it's a free download... Windows PC's only. Not for Apple...sorry.
