"You're About To Discover How You Can Quickly And Consistently Crank Out Traffic-Hungry And Automated, Profit-Generating Web Sites That Guarantee Results And Boost Your Income!" Creating A Profitable Web Site Is One Of The Most Valuable Skills You Can Ever Master In Today's E-Commerce Market... And In Just A Few Minutes From Now... I'm Going to Show You Exactly How You Can Turn Your PC Into An Automatic Cash-Generating Machine! From the desk of: FBM Dear Info-Marketer, Webmaster, Business Owner, if you're doing business online, you may know that a professional looking web site is one of the most important aspects of your success. No matter what products or services you offer, your visitors first impression of your web site (sales page) will instantly determine whether or not you're going to make the sale. A professional (and profitable) web site will... Make your visitors feel comfortable, and bring you more sales Contain useful content, increasing your sites popularity, providing you with additional links pointing to your site Contain the right keywords, increasing your Search Engine ranking, which results in bringing additional traffic to your site Increase the perceived value of your products or services Now, before you start designing your web site, you must have a clear understanding of what it takes to make it really profitable. You need to look at the entire picture and plan each step carefully. Developing a successful online business takes sincere commitment and patience. But once you know how to design a profitable web site, you will significantly increase your web site traffic, your product's perceived value, and in the end... your sales. That's why I wrote How To Design A Profitable Web Site This Ebook is aimed at...

1. People who have never designed a web site and want to learn how.
2. People who dont want to design websites, but need to understand what makes a profitable website.
3. People who can already build web sites, but arent good designers and want to create better sites.
