Very EASY to apply methods ! Learn how to be the best Mage there! But I just started in the game. Will this guide help me? Yes, Ofcourse. The guide starts with you from level 1 magic and guides you step by step towards getting your magic l to level 66. But how will this guide help me increasing my magic level? The guide will teach you where to train your character so that you know which are the best places to train at. The guide will teach you which are the best monsters to attack. Which enemies will give you the highest experience points and the best time/experience ratio. The guide will also let you know what kind of spells and runes you are supposed to use at each level. Follow whats in this unauthorized guide, and your magic level will be 66 in 3 days! Very short, straight to the point 13 pages unauthorized guide! I do not believe in long ebooks. Reading a 100 pages ebook will be boring. Some sellers think that the bigger the better and they start showing off that their guide is 200+ pages. This is rediculous. The smaller the better. If you think the opposite, please do not buy the guide as I made it as concise as possible. It has straight the point instructions. No junk material and no tables and charts that benefit you nothing! So why wait? BUY IT NOW
