Not only is this script very easy to use but very powerful and full of many advanced features with many advantages over other classified ads scripts online. One major reason Craigslist has become so popular is due to its ease of use, and after a simple yet quick installation you can also run a very straight forward classifieds site like the most popular of them all. This script is highly recommended to anyone that not only wants to run a classified ads website but also generate revenue which you can run on autopilot requiring very little work!

**FEATURES**

- Easy to customize You can easily edit the design layout by updating the template web files.
- Our multi-language support enables you to select the language preference, great for site owners who are starting a classifieds site in their native language.
- It also features category specific ad fields so that you can run a niche market (such as real estate classifieds, car classifieds, personals classifieds etc..) or a general classifieds website just like Craigslist. This is the perfect all-in-one classifieds software solution for your website!
- Search Engine Friendly URLs** Most of the classifieds scripts in the market do not support this feature which results in your sites not being indexed by most search engines. We have added support for search engine friendly URLs in PHP classifieds script to ensure that the users classified ads are also listed in the search engine results.
- EZ -POST Module** Your visitors will love your classifieds site for this module. EZ-POST module is modeled after the highly popular classifieds site, Craigslist. With this module, your clients can simply post an ad without the need to register for an account and they can also view highly targeted classified ads sorted by Regions and Cities. This highly effective approach brings Craigslist millions of dollars in revenues every year.
- Simplistic, yet feature-rich classifieds script** will keep your visitors coming back for more.
- Integrated Billing System** Automated billing system using Paypal to accept payment from users who are posting featured ads or extending their ads on your classifieds site. Admin can also easily create custom billing plans and manage transactions through our administration panel.
