This book comes with Private Label Rights Love What You Do And You'll Never Work Another Day In Your Life Dynamic Software Creation How To Create Software Even If You're Not A Programmer Dynamic Software Creation Audiobook and eBook The interview of James Jackson. James has a very interesting history. He became intrigued by the possibilities of making money online in about 1995. He went through the typical trials and tribulations that many of us go through on our quest to turn the Internet into our cash cow that we're all looking for. James came at it from a different angle than most of us do. He decided that he was going to specialize in software even though he has no programming experience himself. Today, James runs a very successful online business. He has agreed to share his business model with us and take us on a journey from the past to the present while showing us how we can follow in his footsteps and turn the Internet into the cash cow that we all know it can be.
