Subliminal Blaster - Best Subliminal Messaging Software In T

DOWNLOAD HERE

Are you ready to attract into your life all the wealth, health and happiness you deserve, wish for and desire? Introducing..... Subliminal Blaster - the best subliminal messaging software in the world! Subliminal Blaster is a small utility that installs on your PC and works quietly in the background. Using a patented subliminal delivery system, Subliminal Blaster flashes safe and unobtrusive messages around your monitor AS YOU USE YOUR PC. Because of the speed in which they're delivered to your screen, your conscious mind will merely see a "flicker" it won't have the pace to capture the message. However the subconscious mind absorbs EVERY SINGLE MESSAGE... and uses each one to change your thought patterns, your behaviours, even your body! And that's great because, your "conscious" mind isn't responsible for changing your automatic reactions and habits. Only your subconscious is! Your subconscious mind is built as a tool for betterment. It's there to respond to your environment. It "sees" things you don't even realize. Every sound. Every picture. Every phonetic nuance. Everything. So it makes sense that if your brain "reacts" to the information its fed.... ... that you should probably feed it the best information you can, right? These messages are statements of positive intent, like: I learn fast I am calm and confident always I enjoy speaking on stage I attract my ideal partner easily Every day in everyway I'm getting better, and better Using Subliminal Blaster, you can easily: Banish negative behavior patterns Enjoy perfect health and heal any illness, ailment or disease Realise your perfect body weight, appearance and vitality and keep it that way Enjoy perfect relationships with others whether friends, family or others Maintain absolute happiness, harmony and peace in your life at all times Dissolve stress and tension Destroy bad habits in a flash! And best of all, you don't have to do a thing! The whole system sits on your desktop, utilizing time you already spend at your computer... every moment you use your PC, you're creating a fantastic new you! Even if you only use your PC for an hour each day, or 3-4 times a week... you are still exposed to 10,000 - 15,000 positive affirmations blasting through your conscious barrier, and echoed through your mind each week! Ready to change your life?
