Step By Step Guide To The Public Domain Public domain materials are a goldmine that you, as an Internet Marketer, can earn a fortune from. A few years ago public domain was big news and everyone was interested in it, but as is normal with the Internet, the wind changed and something else was the next big thing so the herd rushed after that leaving public domain sobbing by the side of the road. However, some marketers have stuck with public domain and are quietly making 5 and even 6 figure incomes from freely available materials. It is a dream come true. Someone else creates a high quality product and then you can earn from it for free without spending a penny! How great is that? Public domain means that something is available for use by anyone. You can take it and modify it to make your own unique version (which you can copyright) or you can earn from it as is, i.e. sell it or make money in other ways from it. When we discuss public domain, many people only consider public domain books. However, there is much more in the public domain other than books. You have video, audio books, radio shows, music, pictures, magazines, newspapers, software and more. The Public Domain Fast program will tell you everything you need to know in order to profit from the public domain. By now, you are curious what you will learn in your step by step video course ...
