Create Software Box eCovers with PhotoShop. Want Great Looking Graphics? If you have at least medium graphic skills and Adobe Photoshop version 6.0 or higher installed on your computer you might be interested to find out more about the product I'm using to create these software box covers. Once you have the Photoshop Action loaded into PhotoShop, just press the play button and a basic template is made for you, edit the colors and add the titles of your choice from the product or services you provide. Press play again and out pops the cover complete and ready for your website. You have absolutely nothing to lose and everything to gain.
