And then you can continue to create DOZENS of flash banners for all of your websites, affiliate offers, and promotions all without ever touching Photoshop OR Flash, Guaranteed!" If you have been doing business online for any amount of time you will know that it can take alot to grab attention and direct the traffic the way you want them to go. Wether your trying to get people from your blog to your squeeze page, or doing advertising on other peoples websites. You need a way to grab the viewers attention, and get them to click on your ad! The easiest way to do this online is through animated flash banners that get read, and demand direct action, so you can make more money & more sales! That is why I got Instant Banner Maker created, so I can easily create banners that look amazing in a few clicks, and I have been using it for myself with great success. I want to share this AMAZING tool with you, and I am confident that you are going to LOVE it! You will be able to use it for any project you have, and you can create the banners in just a few clicks. Its really that simple... Introducing... INSTANT BANNER MAKER Finally! A Simple To Use & Install PHP/Flash Script That Allows Anyone To Create Amazing Flash Banners In A Few Clicks... ...You can use this technology for any site in any niche or industry anytime. There is no limit on how many stunning banners you can create! In a few minutes from now you can have your own Instant Banner Maker script installed and running on your server. Since its hosted on your server, you're in control of the hosting, so it never goes down unless you do! In only 3 steps you will have your own banner created. Simply just add your copy into the form, and select the design elements you want featured in the banners, and hit create! It's really that easy... Instant Banner Maker was designed to be used by anyone at any skill level. So no matter how good or bad you are at creating graphics, you will be right at home! If you can point, and click then you can create your own banners! The process is super simple... 1. First... Just enter in your copy for your advertisement. This is super simple, because all you're doing is typing in your copy into simple HTML web forms. It's just like filling out a survey or logging into

your email! You will also be able to choose the Call To Action button style which comes in many different great variations. You can change the button text instantly, and preview what the banner looks like. You can be creative, and start creating really cool results! Even if your bad at writing copy, I have bundled a FULL handbook about online advertising, and a personal audio of my best advertisement writing tips. This will make sure ANYONE using this script will have the odds against any competitors in any niche! ;) 2. Second... Choose out of 80+ design elements! This is where this little script shines! Now that you got the killer copy down that gets your viewers to take action, you need to grab their attention first! You will be able to choose from a wide array of colors and elements. Once you pick a color, you can instantly add more professionalism to it by adding a pattern or a texture. Both will give your banner that extra added feel of realism, and "interesting"ness. Once you choose those, you will able to add subtle overlay effects like Fire, flames, web 2.0 waves, and TV noise. A ton of different of options, and it really is limitless! 3. Thrid... Add INSTANT Animations to your banner! DEMAND attention with amazing animations in a click! Yes, you can add animations to your banner with just a click. There is a dozen of animations that you can choose from, and you will be able to create some great banners. With all the combination possibilities you can create really create as many banners as you want for ALL your product, affiliate offers, and promotions!
