Increase Your Banner Ad Click-Throughs With The Amazing Stealth Banner Generator Create Invisible Banner Ads In Seconds! Buy It Now For Only $67.00! Challenge: How to Make Better Banner Ads Fact: Text links typically achieve a higher click-through and conversion rate than graphical banner ads. People have been trained to believe that clicking on a text link will bring them to a page with the information they seek. Fact: HTML banners are another strong form of advertising because they offer people the ability to click on checkboxes and radio buttons, scroll through lists of options, and click buttons to subscribe, or vote, or take a chance at winning a prize. But unless you are a graphics designer or HTML developer, you may be challenged in creating effective HTML banner ads. Solution: Stealth Banner Generator The Stealth Banner Generator enables you to create banner ads that look like text links and HTML banners quickly and easily. Stealth banners have VERY high click-through rates. Leading online marketers including gurus like Marlon Sanders use them, and you should, too. Use them to promote affiliate products across your sites, or if you have your own product, create a family of stealth banners and distribute them to your own affiliates. Look At How Easy It Is! ou will get a professionally designed and written reseller web site plus additional graphics you can use to promote Stealth Banner Generator or even create your own affiliate program!
