Entities Among Us addresses the fact that, consciously or not, all of us are sensitive to unseen vibrations. It offers a unique approach to understanding the various energies affecting our physical, emotional, mental, and spiritual well-being. These energies arise from places, thought forms, possessions, human parasites, ghosts, poltergeists, astral garbage, psychic attack, and Universal frequencies. Entities Among Us is a must-read for anyone: living in a house with undesirable energies detecting the presence of spirits or poltergeist activities experiencing negative vibrations in the workplace having surgery visiting a hospital or doctor's office being in bars or gambling establishments having a near-death experience having an out-of-body experience emotionally distressed when in the presence of a certain type of person having the feeling your energies are being drained being emotionally or physically dominated by another person suddenly awakened during the night sensing loving higher spiritual energies guiding and directing your life dabbling with occult games such as ouji boards, tarot cards, seances becoming emotionally distraught or depressed for no apparent reason being in the presence of ancient sites or archaeological wonders taking on other people's emotions as your own This book will be of particular value to those people who are consciously pursuing their spiritual path, preparing their minds and bodies for the new energies of Ascension. Through raising the frequencies of our inner selves, the risk of attracting unwanted lower energies is ever present.
