Gravity Forms Really Satisfies Build and publish your WordPress forms in just minutes. No drudgery, just quick and easy form-building. Select your fields, configure your options and easily embed forms on your WordPress powered site using the built-in tools. That's way more satisfying (and less fattening) than a peanutty candy bar any day. Visual Form Editor Building simple and complex forms alike is a piece of cake with the easy to use form editor. Multi-Page Forms Make long forms easier to use by breaking them up into multiple pages, complete with progress bar. Order Forms Gravity Forms makes it easy to create order forms with product, option, shipping and total calculations. Conditional Fields Configure your form to show or hide fields, sections, pages or even the submit button based on user selections. Build Complex, Powerful Contact Forms in Just Minutes. No Programming Knowledge Required! Yeah, It's Really That Easy.
