Would you like to hypnotize your potential bidders into purchasing your items? I am sure you do, we all do and now you can with NLP! NLP stands for Neuro-Linguistic Programming, its a form of hypnosis based on hidden, subliminally persuasive language patterns either spoken or written. NLP is used to indirectly, secretively persuade, sway and control one's subconscious mind and decision making process without the potential bidder ever knowing it. There is nothing illegal about using NLP to sell your products. Many large companies use these techniques all the time to sell products. After you learn the techniques you will be more aware of these type of "mind control" techniques and will be able to spot others using them. You can also use these same techniques off eBay in any area where you try to persuade people. This is an excellent eBook with resell rights. For more great ebooks with Resell Rights !!
