You've purchased this product with Master Resell Rights and Private Label Rights. You are free to sell it and keep 100 of the profits. The Reason They Can Have Such Big Paydays Virtually Overnight Is Because They Spend The Majority Of Their Time Focusing On Building Their Optin Lists... Now, don't misunderstand me... I'm not saying that their huge success doesn't come with a LOT of hard work and diligence, but all those "gurus" who makes big money online all have one thing in common - BIG OPTIN LISTS! And the truth is... since I started focusing all my online efforts on building my own optin lists, my profits have skyrocketed 100 fold! No... I don't have \$10,000 or \$50,000 days online... but I do have an occasional \$10,000 week... and that's fine with me ;-)

And I owe the majority of that success to finding clever ways to build my optin lists at lightning speed. My favorite technique... using graphical optin boxes combined with irresistible offers! And now I've leveled the playing field and made it just as easy and affordable for you to play ball like the big dogs! Introducing The Graphical Optin Template Pack Volume 2 ... So easy to setup and add to any webpage - even a 5 year old could do it! You see... the problem in the past has always been the enormous cost. It can get quite expensive to hire a professional graphics designer to design, code and setup just ONE graphical optin box on your website. (and forget about it if you have several sites... you could be looking at \$1000's of dollars and that's just not affordable for the average internet marketer) So how do these graphics designers get away with charging such high costs? BECAUSE GRAPHICAL OPTIN BOXES WORK LIKE "BEES ON HONEY"! They make you money - and a lot of it! How?... They attract attention (so your offers get noticed!) They convert at much higher percentages than the standard - out of the box - forms most autoresponder services provide. No need for pop up windows and alike - you'll see conversion rates in the 10, 20 even 30 percentile range once you switch to a graphical optin form. They give a professional image - people trust your offers more when they see a professionally designed, attractive website - it's just fact! The list goes on and on... And now's your chance to have these sales magnets working for you 24 hours a day, seven days a week (for mere pennies in comparison to what the professional designers charge). Just take a look at everything you're going to receive in this package: (8) fully coded optin templates ready for you to add to your website in

under 12 minutes flat! These templates were designed by one of the best internet marketing sales page designers in the industry and they've been tweaked and tested for maximum results! PLUS... NO GRAPHICS TO EDIT! Take a look at the screenshots of these 8 clever designs. === Simply Click On Any Of The Images below To See The Full Size Image Open In A New Window: (2) professionally designed "Testimonial boxes". If you're not using testimonials on your pages... then you're truly missing out on a wealth of sales and profits. Testimonials go along way in building trust and converting "window shoppers" into buyers.... And these testimonial boxes are guaranteed to get your testimonials read.
