ATTENTION TRADERS: If you're sick and tired of losing money in the markets, then allow me to offer you an alternative that actually works! How To Use Point & Figure Charting To Improve Your Forex Trading Accuracy By Trading Off Price-Action Not Time Here's How Forex Point & Figure Trading Works Most trading methodologies use time-related indicators that lag behind the market. Fortunately there is, and it's called Point & Figure! Point & Figure is a charting method that follows changes in prices rather than time. Most charting systems (including candlesticks, line charts and bar charts) track values based on specific timeframes, so you can look at how values change over the course of minutes, hours, days, weeks, etc. this site sold \$497
