Classified ad sites are always popular. Here's how you can create one fast. Monetize by charging others to place their ads or just build 'em and sell 'em or just sell the software to others. This classified ad site is a paid service site, you determine your prices via the site admin area. All users who register for the site are pending until they purchase an ad package. Once they purchase an ad package they will become active until their ad expires. They can always log into their account to add more packages at a later date. If you would like to offer a free ad for your customers you will need to do it manually. This is so people do not abuse the website. To give members a free ad, login to the siteadmin and find the pending member and click on them. Next hit edit. Under edit you are going to click on activate. A new screen will load allowing you to pick a package for this member. After you have selected the package, the member will get an email notifying them of the package and when it expires. For paying customers, this site uses PayPal and stormpay's IPN system so adding credits via the payment processors is automated. ..WITH Master Resell Rights YES Can edit, modify, or sell as-is YES Can put your name on it as author YES Can be added to paid membership sites YES Sell for 100 percent profits YES Can be sold singly or as a group as the main product but can not be the bonus to another product or sold with another group of products such as a dimesale, firesale, giveaway, etc. YES Can sell reprint rights YES Can sell master resale rights NO Can sell private label rights, including source code NO Give away for free NO Sell on Auction Sites NO Can be bundled with other products * Free Games and Free ebooks download link added to this deal!
