Create A Search Engine Friendly Sales Page Using Wordpress

DOWNLOAD HERE

Sales Page Theme Pack Included! Learn how to create a great looking and search engine friendly sales page using Wordpress. Forget about having to know any html or knowing how and where to upload your images. Wordpress looks after all of that for you. Creating a sales page using Wordpress is not much different then creating a regular blog. The main difference is how you set up the themes and how you handle the images, but I assure you it is not at all difficult. Here is What You Will Learn In These Videos * How to do a basic Wordpress install from the install files * How to upload your theme and set it as the default. * How to customize the theme * How to customize the header * How to customize the footer * How to handle media (images, audio and video) * How to easily optimize your page for search engines. and more........
