

Text Transformation Generator Script With

[DOWNLOAD HERE](#)

Allows you to convert mass amounts of text to either Uppercase, Lowercase, or Capitalized, You can copy and paste your text into the script then choose either Uppercase, Lowercase, or Capitalized then click get new text. This script is simple but would work great for those whom wish to convert lots of text to another case without doing it manually. (Helps you save lots of time) I found another Text Transformation script online but it seemed to leave back slashes anywhere there was a " comma, so when i built this script i made sure it keeps you're text as it was before it was converted. This Script comes with Resellable Resale Rights and can be Resold.
