Unleash the power of Yahoo Pipes to get high quality Backlinks to your website or blog with RSS Feeds! Watch these step-by-step videos as they explain the complexity of this tool. Brand new videos created August 2010! You wont find them anywhere else! Building your pipes by following these videos has never been easier! Video one (27 minutes) shows you how to create a basic but complex RSS pipe feed for a website about Video Tutorials and one for a website about Diabetes Video two (21 minutes) shows you how to pull feeds from Amazon, YouTube, Twitter, Facebook and other sites all related to (Yoga) your Niche site and mixes it all up then combining it in one feed you submit to your favorite feedburner! Video three (25 minutes) Shows you how to build pipes for the purpose of SEO and backlinks Video four (16 minutes) How to clone pipes and use it to get feeds and backlinks from social media sites, Twitter, Digg, Reddit, Scribd, etc. Video five (29 minutes) A basic pipe that mashes feeds from several sites and my website on Global Warming into one feed and then submitted to the feedburners. Do you want quality Backlinks to your site? Yahoo Pipes is a complex system that top marketers have used to get tons of traffic and now, you can do the same... Yahoo Pipes is a free online web application which helps you combine many feeds into one. Sort it by your preference, filter it and finally send it out. In other words, Yahoo! Pipes is a web mashup which combines data from many web sources into a single integrated source. Then you submit the final RSS feed you created to your favorite feedburner! Works with any Niche Watch the sample video!
