So many younger girls, especially those just coming into their sexual awareness, prefer older guys who are more worldly, more experienced and can teach them the finer points of sexual pleasure... Young women learn about sex in many ways...sometimes eagerness to discover sex is met with cunning seduction... This anthology explores this theme of (sexual) experience vs. (innocence) youth. Includes erotic stories about stepbrothers and younger stepsisters who enjoy exploring sex together, the innocence of youth and the budding curiosity that builds until it desires to be quenched. How often in history has an older stepbrother "fooled around" with his younger stepsister? Times without number. It is perhaps true that no family, broken and then combined with part of another, is free of some sexual activity between the children involved. One might even go so far as to say that such stepbrother-sister sexual activity, in one degree or another, is normal-because of its frequency and universality. A sexually graphic anthology of short stories based on true experiences. Warning Explicit Content: Adults Only.
