Nothing relaxes baby more than the familiar sounds of home, including a running dishwasher. Its well-documented that babies find great comfort in water and motor sounds. In this Calming Dishwasher sound thats available in CD and MP3 download, weve captured the combination of steady dishwasher motor hum and the rhythmic swishing sound of a water in a dishwasher and embedded pure white noise for an effective sound that is great for soothing colicky babies, as well as helping any fussy child relax and fall asleep. More effective and less wasteful than running your own dishwasher! Like all of our white noise sounds, you control the volume, tone and length of playing Calming Dishwasher that best suits your babys need. You and baby can benefit from this sound anywhere, any time, without wearing out your dishwasher, wasting lots of precious water trying to soothe your child, or being stuck in the kitchen.
