..... Dear Tradebit Friend:

I've heard time and time again, that Adwords does not care about their advertisers that much, and never thought much of it until I saw it first hand. That was why I turned to Facebook Ads. Fortunately for business owners online and offline, Facebook is extremely easy to use compared with Google Adwords complicated system. Not to mention that it is super, super targeted. Its like the advertisers dream. Now thats not to say that Adwords doesnt work, because it does. But as times are changing, we realize here, that Facebook is indeed, where a ton of potential clients are. This step by step, 6 part video series, takes you by the hand and shows you how to quickly plan and setup your Facebook Ad campaign correctly, from; what facebook allows and disallows, the basics of writing your ads, getting them approved, testing them, getting them to convert and building a community around your brand, to increase the viralness! Setup a campaign in a matter of minutes; get it approved, and start receiving extremely targeted traffic.
