The amazing new software, which gets you commission on any or all of the Amazon products. If you also want your Amazon Store with your Amazon associate ID, click the button below to get your desktop software. It is totally free. This is easy as pie as you do not have to upload any PHP or CGI type of scripts. It works in HTML in a normal web page and it is already combined with Google AdSense. You can also re-brand this product with your own signature to spread it around the Internet for free. We also include sample web pages for you. You can choose categories to complement your existing products and web themes. You can even duplicate the whole Amazon store and earn commission on all the products. Visitors can also search the whole Amazon from your web pages. If you click the button below, you will also be subscribed to our occasional online Magazine, which will give you access to hundreds of other gift products.
