

Mp3 David Marcelle - Developing Vocal Riffs-2

[DOWNLOAD HERE](#)

This is an instructional CD that teaches you how to do Vocal Riffs (stylistic vocal runs) 20 MP3 Songs
SPOKEN WORD: Instructional, URBAN/R&B: Rhythm Blues Details: Welcome to Developing Vocal Riffs
II. If you've invested in Developing Vocal Riffs I, then you're familiar with the format of this production...
we do vocal exercises that develop the mind and vocal chords and enhances your ability to riff. Riffing is
an awesome vocal skill utilized by recording artists like Brian McKnight, Whitney Houston, and Mariah
Carey to name a few. We don't over-use it to show off as some may, but it's an awesome skill to have in
our arsenal as vocalists. Developing Vocal Riffs II, has longer exercises, and is a more intense than Vocal
Riffs I. It pushes you to the edge with more challenging exercises.... but if you've done Vocal Riffs I, or if
you enjoy a challenge, then you're ready to take on Developing Vocal Riffs II.
