A contemplative yet catchy electronic/acoustic/rock album written specifically for long drives. 12 MP3 Songs  
ROCK: Instrumental Rock, ELECTRONIC: Experimental Details: Seven Albatross is an instrumental experiment in electronic/acoustic/rock music that is designed specifically for long drives on deserted highways. Founded by Sylvan Albertus in 2002, the project has explored several different avenues and, thereby, matured to its present state. Music has been written/recorded just about everywhere between Ely, NV and Rockland, ME....and it's audibly evidenced in the space created. Kill To Ruth is an astoundingly diverse work that blends many genres harmoniously and effortlessly. "If beauty is only from afar, how should feel the unrequited?"
