Im here to hold your hand through the process so lets get started! Do you have 14 months & \$18500 to develop your own system? Yes, it took me over 14 months of mistakes to finally perfect Facebook Wealth Formula. When I calculated few days ago, I estimated that (at

MINIMUM) I spent over \$18500 of my CASH on testing and learning. Fortunately for you, MY troubles and investment has turned into a huge opportunity for YOU. Just imagine about hiring someone to do research for you and finding a method which helps you to make \$500 Everyday, and provide you in such an easy way that you can learn and follow it without any trouble. How much you will pay to that person...? You will NEVER worry about Google shutting you down...! I almost get sick to my stomach with all the Google Horror stories out there. They can literally RUIN lives and care less. Many affiliates have had \$100,000+ a MONTH incomes just disappear over night because Google randomly decided to shut them down. Now, listen the best news! Google has NOTHING to do with Facebook Wealth Formula! Hear me when I say this BEWARE of any business model that relies in ANY way on Google, Yahoo or MSN. You're literally putting your LIFE in the hands of companies that DONT CARE ABOUT YOU OR YOUR FAMILY. I have worked non-stop to make sure that your businesses is 100 protected from Google! Ofcourse! I Want to start, but how much is this going to cost me? You know it cost me over \$18500 to develop Facebook Wealth Formula so yes, I COULD reasonably charge hundreds of dollars (and I'm sure people would pay for it too) I consulted all of my top friends and heard the same advice that... charge at least \$197 for this. But, at this point, my BIGGEST goal is to create a LARGE community so I know that charging \$197 (although it may make me more money), will not HELP me to build mass. So, I decided \$147, then \$97, even \$67 and decided against all of it! So, I decided to a SIMPLE one time payment of just \$47 But wait....! I have a special LIMITED period offer for you...! For a really limited period, I have cut the price and Facebook Wealth Formula its now available, at unbelievable price i.e \$5 only! So that you can SAVE \$42, right now! Yes! Its not a typo!
