Details: With their gritty mix of catchy bass lines and sincere lyrics, Signs Of Betrayals sophomore album Wide Eyed Coma is microcosm of the evolution of rock music. Akin to their debut album The Reformation, Signs Of Betrayal continues their assault on the standardization of music. The distinct talent from the six band members and a wide array of themes make up an undeniable asset: a sound that blends passionately into addictive songs. Their music transcends genre, combining the stylistic traits of modern hard rock with mainstream rhythms and powerful lyrics. The music of Signs Of Betrayal is the musical and intimate exploration of human emotion. With countless sold out shows behind them, the band has solidified itself as a major force within the independent music scene of Arizona. The dynamic the band has created has built a following, which is growing by the day from city to city. The bands six members were quick to make a name for themselves in one of the countries largest growing cities. After being dubbed too big for Phoenix by John Holmberg, host of the #1 rated morning show of Arizonas premier rock radio station 98 KUPD, the band has set their sights on expanding on a much larger scale. Their transition into the national market has been met with open arms by independent music followers.
