Ballistically goofy EBM/industrial that throws craze like an entire video game convention on truckstop speed. 17 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Dance Details: After years of playing some of the most talked about goth/industrial live shows in the Midwest, The Gothsicles long awaited debut, NESferatu, has arrived to deliver fist-pumping, video-game inspired stompfests that will bring out the geek in everyone and compliment their massive stage shows perfectly. Featuring remixes from BATTERY CAGE, CAUSTIC, STOCHASTIC THEORY and the momentarily-risen-from-the-dead EPSILON MINUS, The Gothsicles brand of oddball EBM throws craze like an entire gaming convention on truckstop speed-- fun, loud, and endlessly entertaining. Also featuring guest vocals from Null Device's Eric Oehler and sometime third member Sega Lugosi (aka Matt Fanale of Caustic), NESferatu is set to rock the house, the dancefloor, and like nine or ten casbahs.
