Featuring assuredly delivered; divinely sung lead vocals and the most spine tingling of harmonies from both Heather and Angela, piano, acoustic guitar and flute, Odin Dragonfly create a very dynamic audio visual experience. Odin Dragonfly happens to be one of the only female, multi-instrumental duos on the circuit, creating an appeal that is both very fresh and unique. These women are already gathering a reputation for their musical prowess alone, which, has been described as beautiful, accomplished, elegant, and varied. The duo showcase songs from both Heather and Angela's solo and collaborative repertoires; seldom performed Mostly Autumn gems and one or two choice covers. The songs performed by the two are done so in their most organic and pre-recorded state giving the listener a feeling they are part of something very new and special. With their influences worn with honesty and homage on their sleeve, echoes and flavours of Kate Bush, Stevie Nicks, Joni Mitchell, Tori Amos and Sandy Denny can be heard. Odin Dragonfly MySpace
