Tone Set #5 Guitars (Amps & Heads) - Gearbox Presets 128 Categorized Presets For All Gearbox & POD Farm Line 6 .l6t File Format Products. The newest Tone Set contains a very organic mixture of guitar pres and bass amps, and bass pres and guitar amps, for another collection of 128 ready to jam presets in 4 categories. Alternative (20 presets), Blues (33 presets), Clean (25 presets), and Metal (50 presets). Notes on this pack are - most of the presets have a few decibels-lower volume than previous Tone Sets, this is on purpose, and is because 1) I hardly used any compression on any of these patches, and 2) there's no reason to even risk clipping with a guitar or bass track, certainly we could all stand to turn it down 1/2 a notch eh. I believe that you will be too busy exploring the more natural tones in this set than worrying about not peaking the meter into the red on every single one. And as usual, you don't have to just take my word for it, below you can download the no-restrictions-on-use free demo pack of 16 presets from Tone Set #5, and hear for yourself.
