Build A Credit Rating You Can Be Proud Of! Do you make these common credit mistakes? Did you know that often just one phone call to the right company can save you from getting a knock on your credit? (I'll tell you who on page 33) Further knocking down your rating... ..And decreasing the chances that any lender will trust you anytime soon. If it means the difference between getting the loan and not, that one phone call could mean getting your new car (to replace the old one that might break down on you at any time). One thing I know about people who are in financial trouble, is they are often victimized by people looking to make a buck. Now listen to me good. There are places who really will help you dig yourself out of the hole and repair your credit rating. (I tell you were on pages 22 & 23) But there are some businesses out to exploit you. You've probably seen their shops located around town. And still other places hide behind the fact that they're a "credit repair agency." Don't be suckered! When you read my guide I'll let you in on the real world tactics of businesses who are trying to take advantage of vulnerable people... and organizations who really are there to help you. In 50 pages, I take you on a guided tour through the credit industry. So that you know exactly why your credit rating may be low. Exactly how to begin repairing it starting today. All in order for you to reclaim trust from creditors, lenders, and renters who are only looking at a number. Financial advisors can charge hundreds of dollars for their consultations.
