

Mp3 In-rage - Take Charge

[DOWNLOAD HERE](#)

Influenced by many different artists and bands, no one song sounds the same. This Cincinnati band takes the frustrations of the streets and making it big, to a whole new level. The rock world hasn't heard an album like this in a long time. 10 MP3 Songs ROCK: Hard Rock, METAL: Heavy Metal Details: In-Rage, the name says just that, but the characteristics of this band couldn't be anymore full of flavor, and it strongly defines the use of the term diversity by reaching for every raw emotion that commands reaction in their music. Formed in November of 2000 in Cincinnati, Ohio, the charisma of In-Rage and the integrity of their lyrical and musical content have purged the boundaries of rock. The self-inspired writings on "Take Charge" have harnessed the electricity of a loyal and growing fan base. Through performing over 80 live shows per year, a website with over 37,500 hits since the summer of 2003 and pre-release on-line CD sales at cdbabyand towerrecords.com, In-Rage has reached many fans in the U.S. and overseas. Letting words speak for themselves, fans have reacted positively to the band in each of their comments that can be viewed on-line by visiting the In-Rage message board at in-rage.com. "Take Charge" pushes the dramatics to extremes and then pulls them back again to reflect the influence that creates each song. The selfless and thought induced song "Remember Me" is in stark contrast to the explosive anger that is brazened throughout "No Luck." It is this blend of opposites that have made an impact on listeners and pushed the album sales upward. The album has infected everyone who has heard it.
