Discography: "The List" (2nd Full Length CD!); "Song For Newborn" (4 song promotional release); "Diva Ex Machina2" (Inclusion on International Compilation celebrating female artists on international label: "COP International"); "Twisted" (Full Length Debut) Explanation: "Lucid Dementia" is named after a six foot tall alien-like creature puppet that fronts the band, and who has been leading it in a full frontal assault on audiences since 1996. The legendary Lucid Dementia performance is a cross between a b-movie slasher flick, a David Lynch film, and a children's puppet show gone horribly wrong.* You have to see it to believe it. *"I would like to put forth my enthusiastic praise of any and all use of fake blood.
