Create PDF Files From Any Printable Document in a Few Simple Clicks! "Finally There's an EASY Way To Publish Stunning PDF Files, Without Wasting a Lot of Time and Money" As you know, PDF is the format of choice for ebook authors and developers. Surveys continue to show that PDF is preferred by an ever-growing majority of ebook readers. And it's easy to see why PDFs are so popular... \* They can be read on just about every computer. \* They are easy on the eye, because they look like a printed page. \* PDF ebooks always display correctly on the reader's computer because fonts, graphics, special characters, and so on are all embedded into the original PDF file. \* PDFs are easy to print out and always give a reliable reproduction of the original document. They can contain links within the book as well as links to websites. \* PDFs are very secure. In short, when it comes to electronic publishing, PDF is where it's at. Tags: pdf
