How To Stop Yourself From Being RIPPED OFF, While Using The Power Of Automated Digital Delivery

This is how SmartDD automated digital delivery works, in a nutshell: You receive a payment from a customer via PayPal. PayPal sends the details to SmartDD. SmartDD sends an email to your customer with a UNIQUE link to the download page. Your customer goes to the download page and downloads their purchase by clicking on another UNIQUE link. After theyve downloaded, the link expires. Its as simple as that. SmartDD has now completed its automated digital delivery on your behalf. Once youve set your product up, you dont have to lift a finger! Its simple to use, its simple to install and it will simply save you a fortune. It actually goes a little further than that, because 24 hours after the purchase, it will also send out a personalised follow-up email to your customer which can be an upsell, cross-sell or simply another method of capturing them on to your mailing list if you havent already done so. Now is that cool or what? Lets run through the benefits to you when you use SmartDD: Automated Digital Delivery To Your Customer - One instantly happy customer! No More Link Sharing - Protect your product investment - If someone does share their link, then primary and secondary redirects can steer anyone that clicks the link to your sales page! Unique One-Shot Links - Each link uniquely identifies the customer, and by default contains their name and email address on the download page to dissuade them from sharing Advanced File Protection And File Hiding - You can store your downloadable files OUTSIDE your web space if your hosting account supports it (many do, e.g. cPanel based hosts) - Uses Display Names to deliver a different filename to the one stored on your server, e.g. expensive-ebooks.zip can be delivered as free-ebooks.zip Works 24x7 - Be doing something else while the money comes in Template Driven Web Pages - Your download page is unique and auto-generated per customer - Up-sell and cross-sell your digital products via your web pages Supports Manual Download Pages - Dont want to protect your affiliate link peppered free ebooks? No problem! - While SmartDD is secure by default, it doesnt have to be if you dont want it to!
