"Guarantee your ebook project will be a striking success with these ebook marketing secrets!" January, 2003 RE: Finding HOT and Marketable Subjects For eBooks and Info-Products Dear ebaY Friend, You can write it. You can package it. You can even create the cover art for it... But what do you write about??

The hardest part of writing an ebook or other information product is finding a HOT subject. Compiling the book is easy. Creating the cover art is relatively easy, but... ...a subject that will press your customer's HOT BUTTONS and get them to buy it is the most essential component of your ebook and the hardest to find! How do guru's who write book after book on hot subjects KNOW what to write about? Well, one of their 'secret' methods is revealed in this 2 video course! It's well known that the topic of your book can make or break your project. Doing the research to find a HOT and marketable subject doesn't have to be hard. But why should you waste your time on an ebook project if there's no market for it?? Always, always start with the market-- make sure it's a strong market and find out what they want, before writing a word! That's EXACTLY what we teach you in these PC-VIDEOS! #1 -You HAVE to know if there's a MARKET for your book! #2 -You have to write what YOUR MARKET WANTS to read! #3 -Find out what your MARKET is BUYING and give them MORE of it! What you'll learn is a very SPECIFIC method professionals use to find HOT and marketable subjects for their books and information products. And you'll learn it from someone who has personally created over 42 ebooks and information products! This little know secret uses the Internet exclusively to find hot topics and subjects for your ebooks. ----
