Kanye West Drum Kits NOTE: I AM A COPYRIGHT PRODUCER OF THESE SAMPLES Kanye West Biography: Beatmaking music producer Kanye West's 2004 debut album, The College Dropout, jumped to the top of the charts and earned him 10 Grammy nominations in 2005. Raised in Chicago, West got his start in the business as a producer. His mixes and beats drew the attention of Jay-Z, who hired him to produce songs for The Blueprint (2001). After producing for stars such as Ludacris, Alicia Keys and Jamie Foxx, West began work on his first solo album as a rapper. The College Dropout featured the hits "Jesus Walks" and "Through the Wire," the latter a reference to a car accident West had in October of 2003 (he recorded the song while his jaw was wired shut). The album ended up winning three Grammys, including Best Rap Album and Best Rap Song ("Jesus Walks"). In 2005 he released Late Registration, which included the hit song, "Diamonds From Sierra Leone" and featured guest appearances by Jamie Foxx and Jay-Z. The album earned 8 Grammy nominations and West won three, for Best Rap Album, Best Rap Solo Performance (for "Gold Digger") and Best Rap Song ("Diamonds From Sierra Leone"). These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to use. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers. You will notice the difference once you apply these sounds to your musical works and you will not regret it. Kit includes one-shot kick, snares, hats, congas, and percussion as well as drum loops. This product is delivered digitally, so once the purchase is made you can get to making your hits immediately afterwards! Not only does this give the product as fast as your internet connection can provide but it also saves you \$money\$ on shipping and handling charges.
