Kids Family - Children's Bible Story Singing 29 MP3 Songs KIDS/FAMILY: Kid Friendly, GOSPEL: Contemporary Gospel Details: Who would think that it takes 29 songs to cover the saga of the children of Israel crossing the wilderness? Beginning where Vol. 1 left off, the children of Israel are rejoicing that they have been delivered from Egypt and Pharoah's slavery. From there God leads them and feeds them in the wilderness. These songs cover the pillar of fire and the pillar of cloud leading them, the bitter waters at Marah made sweet, the bread from heaven - manna, the amazing defeat of the Amalekites, the Ten Commandments given to Moses on Mt. Sinai, the water gushing from the rock, the bronze serpent, and the building of the tabernacle. At the end Moses dies and is buried by God in a secret place and the children of Israel are poised to finally enter the good land! Over 1 hour of joyful kids singing! Lyrics are included in the insert. Bible StorySongs started when two moms responded to a big need for a fresh start and decided to write all new songs that matched summer Bible camp lessons. We found old tunes in books at garage sales, antique shops, and online. Then we matched verses, phrases, and stories from the Bible to these delightful, old-fashioned tunes. Parents reported that the kids enjoyed singing these songs many weeks and months after learning them and that the songs initiated many conversations about the Bible.
