Guitar washes-reverbed vocals-drippy synths-hall like drums. 11 MP3 Songs ROCK: Modern Rock, ROCK: Extended Jams Details: The dark year is the 2nd album from nyc based shoe-gazer band COLOUR. Their music is ment to take the listener for a dream like echoed out ride were you can swim in the melodies you hear and get lost in the melodies you think you hear. This album features Damian Scro on bass, and he adds some punchy lows. COLOUR has made this album with their muched loved dreamy washed out guitar and synth sound that got them noticed on the 1st album, but this time around they added some NEW ORDER-ish drum beats.Not that you should, but you could dance to some of the tracks on this album.
