Now, one of the first childrens hip hop, praise and worship CDs has been released. TFM Entertainment, LLC recently released the first in a series of childrens CDs under the Kanga Kidz product umbrella. TFM Entertainment was established in 2006 to create and produce inspirational and entertaining products for kids. The first CD, entitled Kanga Kidz Volume 1-Kidz Hop Prayze, is an exciting, hip hop praise CD that allows children to praise God in their own way. Volume 1-Kidz Hop Prayze with catchy, up-tempo tunes such as Stand Up, I Pray, Jump Up, and Kanga Hop, was collaborated on and executive produced by Todd Bethel and Albert Mac McKissack. Todd is president of Kingdom Media Group, Inc., a full-service media company. Mac is president of Ground Breaking Music, Inc., a boutique music publishing company. The duo came together to form TFM Entertainment. The seasoned veterans in the music and media industries created Kanga Kidz to celebrate children by providing stimulating, Christian-themed CDs, videos, and, in the near future, an animated childrens series. In addition to Volume 1-Kidz Hop Prayze, Kanga Kidz will also have a strong internet presence with KangaKidz.net, a safe, online destination for children to play games and listen to music. Kanga Kidz is represented by a cool, loveable kangaroo named Kanga, who sports sunglasses and a cross on his necklace. Todd Bethel stated, After considering several animals, we felt that a kangaroo is an animal that both boys and girls can relate to...strong, but nurturing. Also, a kangaroo has a mystique about it which peaks curiosity in kids. We created Kanga to relate to today's pop culture. The music on Volume 1-Kidz Hop Prayze was created for children, but has adult tastes in mind. Not only does the CD include seven great sing-a-long, dance-a-long, hip-hop tunes, it also incorporates seven instrumental tracks which allow children to explore more of their innate creativity. An added bonus of the CD is that its booklet incorporates games and other fun activities. For aspiring young song writers, Kanga Kidz is sponsoring a

song writing contest where the winners lyrics will be featured on the next Kidz Hop Prayze release. Kidz Hop Prayze is music that children from ages 5 and up will love to hear, sing and dance to. Even though the music is considered hip-hop, the themes and sounds cross all cultural lines, stated Todd.
