Celtic Music designed to be engaging yet relaxing, evoking a variety of moods from deeply meditative to soul stirring. 10 MP3 Songs WORLD: Celtic, NEW AGE: Meditation Details: Seamus has been composing and writing songs since 1990 and has some 40 productions to his credit. He works with several record companies - New Life Music and Veritas in Ireland, Producciones de la Raiz, Circle Studios, ANAM Productions in the USA and Producciones de la Raiz in Latin America. He has been performing since 2001 and gives concerts all over the world. As Well As producing crossover ethnic/world/popular music works, he is the Irish composer of the very beautiful Celtic Prayer Songs album, a seminal work in Celtic songs and music. He Performs internationally, his concerts inspiring his audiences with a wonderful appreciation for Celtic music, heritage and art. His melodic, Irish vocal style is soothing and deeply inspiring and his haunting wooden flute-playing brings his listeners to 'another place'. An expert Lilter (Irish Mouthmusic Singer) and Whistle Player, Seamus also plays a lively Bodhrn (Irish drum) which will have you dancing in your seat! Seamus Lives a contemplative lifestyle with the Celtic Monastic community, the Servants of Love, among the beautiful Wicklow mountains on the east coast of Ireland. His passion is for the Celtic spirit of the Irish peoples who lived from circa 500 1000 AD. The primitive, ancient wisdom of that era comes across in his style of singing and musicianship which is enthralling and uplifting. Seamus' Concerts are entertaining and full of energy, a delightful blend of music, song, spirit, story and fun designed to completely enrich the listener. Recommended listening - The Healer, Celtic Prayer Songs and Meditation Music, The Healing Flute Music of Seamus Byrne, The Alpha Album (with the Irish trio 'Set in Stone') and Traditions (with American Indian John Two-Hawks).
