exotic demonic blues 13 MP3 Songs ROCK: Goth, ROCK: Rockabilly Details: What was once a one-man house band in Satan's tiki lounge is now a 3 piece army of darkness. The Voodoo Organist spent 3 years traveling solo, playing some 500 shows in over 50 different cities since late 2002. He did (and still does) his own booking and press, and he's gotten over 100 press articles. With all the shows and press, and playing with great acts such as Th' Legendary Shack Shakers, Bob Log III, Captured By Robots, and Black Heart Procession, the Voodoo Organist has built a rapidly increasing cult following. But now the Voodoo Organist is alone no longer. With the addition of the Devil Drums, his sound and live shows are greatly intensified. This steamroller will steer your conga line straight to Hell!
